

Fifth Elevation Limited

Environmental Policy Statement

Policy Statement

Fifth Elevation recognise the importance of Environmental protection and will comply with all environmental legislation, regulations and approved codes of practice relating to work activities of the company. It is Fifth Elevation Limited objectives to co-operate with and maintain good working relations with all regulatory authorities and bodies.

It is the policy of Fifth Elevation Limited, to carry out all measures reasonably practicable to meet, exceed or develop all necessary requirements to improve environmental performance.

The aims of the company will be to, wherever possible:

- Assess the environmental effects of the company's work activities;
- Reduce the amount of waste produced;
- Reduce the consumption of raw materials, water and fuels;
- Reduce and/or limit the production of pollutants to water, land and air;
- Increase the use of recyclable and renewable materials;
- Limit noise within and around sites.

The company will develop environmental awareness and understanding to all employees. To ensure we meet our commitments, we undertake to periodically monitor and review our environmental performance and take corrective action where necessary.

Everyone has a responsibility for our environmental performance. Managers are responsible for those areas under their control and must seek to minimise waste, promote recycling, reduce energy consumption and, where possible, to work with suppliers who themselves have sound environmental policies.
